

DIPLOMA IN AVIATION & TOURISM MANAGEMENT

(R2/812/4/0062A)(12/24)(A9902)

UNIVERSITY COLLEGE of
AVIATION MALAYSIA

Duration : 2.5 – 3 years

Requirements : • Pass SPM with 3 credits and a pass in Mathematics/Accounting, Science and English;
or
• Any equivalent qualification.

Program Information

This diploma programme is specially designed to meet the increasing needs of tourism and aviation industries such as airlines, airports, travel companies, tour operators, recreation companies, event management companies and other hospitality agencies.

Tourism and aviation are linked very closely in this world where holidays in the domestic world and abroad are very popular with the general crowds, making way for flights, both frequent and regular, to many places around the globe. Malaysia has a great chance on a national and international scale for it is one of the tourist destinations which are in high-demand.

Through this diploma, it will enable the students to learn and understand about various cultures, national comprehension, habits, wants and needs of a traveler. Additionally, it fits with how to create and handle the circumstances which will apply to those conditional requirements.
